

If you have a love of playing Baseball Why not try Vintage Base Ball?

All interested players are invited to attend an informational meeting February 22 at 5:30 PM. Sponsored by the Town of Wytheville Department of Museums, the meeting will be an introduction to base ball in 1869. We are looking to get at least two teams started and hold regular games. So come and learn the rules and terms of base ball when it first started as America's national pastime.
