

JOB OPENING

FULL-TIME IT TECH / INSTALLER

The Town of Wytheville is accepting applications for the full-time position of IT Tech/Installer for the Town of Wytheville departments and staff. **Desired Qualifications:** Responsibilities include troubleshooting and performing computer hardware repairs and installations and maintenance of audio-visual equipment. Applicants should have the ability to install a computer, wireless antennas, audio/video, CCTV, and card access equipment with connections and cabling. Ability to work with and understand a variety of computer software systems. Support users in computing peripherals and other equipment such as scanners, digital cameras, CD-ROMs, external disk drives, credit card machines, etc. Skill to work with and understand networking, wiring, switches, and routers. Make repairs to audio-visual equipment, when needed, and replace, if required. **Education and Experience:** Graduation from high school and an accredited college with an associate degree in communication technology, computer information systems technology, electronics, or similar field of education or currently working towards an associate degree in communication technology, computer information systems technology, and/or a minimum of five years' experience in communication technology or computer information technology. **Required Salary Range:** \$33,532 - \$53,934, based on qualifications and experience. Application packages are available from the Human Resources Department at the Town Office, 150 East Monroe Street, between 8:00 A.M. and 5:00 P.M. or on the Town's Website at www.wytheville.org. Applications will be received until the position is filled. **EOE**
