ARTICLE XXII – ORDINANCE REGULATING THE SITING OF WIRELESS TELECOMMUNICATIONS FACILITIES

22-1. SUMMARY OF GENERAL PROCEDURAL REQUIREMENTS:

22-1.1 The following is for informational purposes to enable a conceptual understanding of the major procedural differences between applying for a new tower or a Wireless Telecommunications Facility that increases or extends above the height of the structure attached to and a co-location that does not.

22-1.2 All Applications: All applications shall be required to comply with all applicable provisions of this Ordinance including, but not limited to, Section 22-7 and prove:

A. The need for the facility to provide functionally reliable service to the exclusion of all other alternatives, such as, but not limited to, adjusting existing adjacent facilities;

B. The need for the facility at the location proposed;

C. The facility is designed to be safe and structurally sound for the use and loads intended;

D. The facility will be the least visually intrusive reasonably possible in order to provide functionally reliable service primarily and essentially within the Town; and

E. Establish with the Town an escrow deposit, as required, to assure that the taxpayers do not incur the cost associated with processing and reviewing the application.

22-1.3 New Tower or Increasing the Height of a Structure: An application for a new tower or for a co-location that increases or extends above the height of the existing structure attached to shall be deemed a new tower and require:

A. An application fee of $5,000;

B. Prove that there is no alternative to a new tower or to extending above the top of the facility attached to in order to provide functionally reliable service primarily and essentially within the Town;

C. Prove the need for the facility to be located at the height proposed in order to provide functionally reliable service primarily and essentially within the Town;
D. Provide evidence as required that the facility is designed to be secure and structurally safe for the use and loads intended;

E. A public hearing.

22-1.4 **Co-Location not Increasing the Height or Extending Above the Top of the Existing Structure:** An application to co-locate on an existing structure that does not extend above the existing top of the structure or increase its height shall be required to:

A. Submit an application fee of $2,000;

B. Prove the need for the facility to provide functionally reliable service primarily and essentially within the Town;

C. Camouflage the antennas and associated equipment so as to be as visually innocuous and unobtrusive as possible. There shall be no requirement for a public hearing for such a facility and the permit shall be granted administratively.

22-2. **PURPOSE AND LEGISLATIVE INTENT:**

22-2.1 The Telecommunications Act of 1996 affirmed the Town of Wytheville’s authority concerning the placement, construction, and modification of Wireless Telecommunications Facilities. The Town of Wytheville, hereinafter referred to as Town, finds that Wireless Telecommunications Facilities may pose significant concerns to the health, safety, public welfare, character and environment of the Town and its inhabitants. The Town also recognizes that facilitating the development of wireless service technology can be an economic development asset to the Town and of significant benefit to the Town and its residents. In order to insure that the placement, construction, or modification of Wireless Telecommunications Facilities is consistent with the Town’s land use policies, the Town is adopting a single, comprehensive Wireless Telecommunications Facilities application and permit process. The intent of this Local Ordinance is to minimize the negative impact of Wireless Telecommunications Facilities, establish a fair and efficient process for review and approval of applications, assure an integrated, comprehensive review of environmental impacts of such facilities, and protect the health, safety, and welfare of the Town of Wytheville.

22-3. **TITLE:**

22-3.1 This Ordinance shall be known and cited as the Wireless Telecommunications Facilities Siting Ordinance for the Town of Wytheville.
22-4. SEVERABILITY:

22-4.1 If any word, phrase, sentence, part, section, subsection, or other portion of this Ordinance or any application thereof to any person or circumstance is declared void, unconstitutional, or invalid for any reason, then such word, phrase, sentence, part, section, subsection, or other portion, or the proscribed Application thereof, shall be severable, and the remaining provisions of this Ordinance, and all applications thereof, not having been declared void, unconstitutional, or invalid, shall remain in full force and effect.

22-4.2 Any Special Exception Permit issued under this Ordinance shall be comprehensive and not severable. If part of a permit is deemed or ruled to be invalid or unenforceable in any material respect, by a competent authority, or is overturned by a competent authority, the permit shall be void in total, upon determination by the Town.

22-5. DEFINITIONS:

22-5.1 For purposes of this Ordinance, and where not inconsistent with the context of a particular section, the defined terms, phrases, words, abbreviations, and their derivations shall have the meaning given in this section. When not inconsistent with the context, words in the present tense include the future tense, words used in the plural number include words in the singular number and words in the singular number include the plural number. The word “shall” is always mandatory, and not merely directory.

A. **Telecommunications Accessory Facility or Structure**: Means an accessory facility or structure serving or being used in conjunction with Wireless Telecommunications Facilities, and located on the same property or lot as the Wireless Telecommunications Facilities, including but not limited to, utility or transmission equipment storage sheds or cabinets.

B. **Applicant**: Means any Wireless service provider submitting an Application for a Special Exception Permit for Wireless Telecommunications Facilities.

C. **Application**: Means all necessary and appropriate documentation that an Applicant submits in order to receive a Special Exception Permit for Wireless Telecommunications Facilities.

D. **Antenna**: Means a system of electrical conductors that transmit or receive electromagnetic waves or radio frequency or other wireless signals. Such shall include, but not be limited to radio, television,
cellular, paging, personal Telecommunications services (PCS), microwave Telecommunications and services not licensed by the FCC, but not expressly exempt from the Town’s siting, building, and permitting authority.

E. **Co-location:** Means the use of a Tower or structure to support an Antenna for the provision of wireless services without increasing the height of the Tower or structure.

F. **Commercial Impracticability or Commercially Impracticable:** Means the inability to perform an act on terms that are reasonable in commerce, the cause or occurrence of which could not have been reasonably anticipated or foreseen and that jeopardizes the financial efficacy of the project. The inability to achieve a satisfactory financial return on investment or profit, standing alone, shall not deem a situation to be “commercial impracticable” and shall not render an act or the terms of an agreement “commercially impracticable.”

G. **Completed Application:** Means an Application that contains all information presented herein (subsequently requested) and/or data necessary to enable an informed decision to be made with respect to an Application.

H. **Council:** Means the Town Council of the Town of Wytheville, Virginia.

I. **FAA:** Means the Federal Aviation Administration, or its duly designated and authorized successor agency.

J. **FCC:** Means the Federal Communications Commission, or its duly designated and authorized successor agency.

K. **Height:** Means, when referring to a Tower or structure, the distance measured from the pre-existing grade level to the highest point on the Tower or structure, even if said highest point is an Antenna or lightning protection device.

L. **Modification or Modify:** Means, the addition, removal or change of any of the physical and visually discernable components or aspects of a wireless facility, such as antennas, cabling, radios, equipment shelters, landscaping, fencing, utility feeds, changing the color or materials of any visually discernable components, vehicular access, parking and/or an upgrade or changeout of equipment for better or more modern equipment. Adding a new wireless carrier or service provider to a Telecommunications Tower or Telecommunications
Site is a modification. A Modification shall not include the replacement of any components of a wireless facility where the replacement is identical to the component being replaced or for any matters that involve the normal repair and maintenance of a wireless facility without adding, removing, or changing anything.

M. NIER: Means Non-Ionizing Electromagnetic Radiation

N. Person: Means any individual, corporation, estate, trust, partnership, joint stock company, association of two (2) or more persons having a joint common interest, or any other entity.

O. Personal Wireless Facility: See definition for ‘Wireless Telecommunications Facilities.’

P. Personal Wireless Services or PWS or Personal Telecommunications Service or PCS: Shall have the same meaning as defined and used in the 1996 Telecommunications Act.

Q. Telecommunication Site: See definition for Wireless Telecommunications Facilities.

R. Special Exception Permit: Means the official document or permit by which an Applicant is allowed to construct and use Wireless Telecommunications Facilities as granted or issued by the Town.

S. Stealth or Stealth Technology: Means minimize adverse aesthetic and visual impacts on the land, property, buildings, and other facilities adjacent to, surrounding, and in generally the same area as the requested location of such Wireless Telecommunications Facilities, which shall mean using the least visually and physically intrusive facility that is not technologically or commercially impracticable under the facts and circumstances.

T. State: Means the Commonwealth of Virginia.

U. Telecommunications: Means the transmission and/or reception of audio, video, data, and other information by wire, radio frequency, light, and other electronic or electromagnetic systems.

V. Telecommunications Structure: Means a structure used in the provision of services described in the definition of ‘Wireless Telecommunications Facilities.’
W. **Temporary**: Means temporary in relation to all aspects and components of this Ordinance, something intended to, or that does, exist for fewer than ninety (90) days.

X. **Town**: Means the Town of Wytheville.

Y. **Wireless Telecommunications Facilities**: Means and includes a “Telecommunications Tower” and “Tower” and “Telecommunications Site” and “Personal Wireless Facility;” means a structure, facility or location designed, or intended to be used as, or used to support, Antennas or other transmitting or receiving devices. This includes without limit, Towers of all types and kinds and structures that employ camouflage technology, including, but not limited to, structures such as a multi-story building, church steeple, silo, water tower, sign or other structures that can be used to mitigate the visual impact of an Antenna or the functional equivalent of such, including all related facilities such as cabling, equipment shelters, and other structures associated with the site. It is a structure and facility intended for transmitting and/or receiving radio, television, cellular, paging, 911, personal Telecommunications services, commercial satellite services, microwave services and services not licensed by the FCC, but not expressly exempt from the Town’s sitting, building and permitting authority, excluding those used exclusively for the Town’s fire, police or exclusively for private, non-commercial radio and television reception and private citizen’s bands, amateur radio and other similar non-commercial Telecommunications where the height of the facility is below the height limits set forth in this ordinance.

### 22-6. OVERALL POLICY AND DESIRED GOALS FOR SPECIAL EXCEPTION PERMITS FOR WIRELESS TELECOMMUNICATIONS FACILITIES:

**22-6.1** In order to ensure that the placement, construction, and modification of Wireless Telecommunications Facilities protects the Town’s health, safety, public welfare, environmental features, the nature and character of the community and neighborhood and other aspects of the quality of life specifically listed elsewhere in this Ordinance, the Town hereby adopts an overall policy with respect to a Special Exception Permit for Wireless Telecommunications Facilities for the express purpose of achieving the following goals:

A. Implementing an Application process for person(s):

   (1) A permit for a co-location of wireless telecommunications facilities, or
(2) A permit for wireless telecommunications facilities;

B. Establishing a policy for examining an application for and issuing a Special Exception Permit for Wireless Telecommunications Facilities that is both fair and consistent.

C. Ordinance requiring, wherever feasible, the sharing and/or co-location of Wireless Telecommunications Facilities among service providers;

D. Promoting and requiring the placement, height and quantity of Wireless Telecommunications Facilities in such a manner including, but not limited to, the use of stealth technology, to minimize adverse aesthetic and visual impacts on the land, property, buildings, and other facilities adjacent to, surrounding, and in generally the same area as the requested location of such Wireless Telecommunications Facilities, which shall mean using the least visually and physically intrusive facility that is not technologically or commercially impracticable under the facts and circumstances.

22-7. CO-LOCATION AND PERMIT APPLICATION AND SPECIAL EXCEPTION PERMIT APPLICATION AND OTHER REQUIREMENTS:

22-7.1 All Applicants for a Special Exception Permit for Wireless Telecommunications Facilities or any modification of such facility shall comply with the requirements set forth in this section. The Planning Commission and Town Council are the officially designated agencies or bodies of the Town to whom applications for a Special Exception Permit for Wireless Telecommunications Facilities must be made, and that is authorized to review, analyze, evaluate, and make decisions with respect to granting or not granting, recertifying, or not recertifying, or revoking special exception permits for Wireless Telecommunications Facilities. The Town may at its discretion delegate or designate other official agencies of the Town or others to accept, review, analyze, evaluate, and make recommendations to the Town Council with respect to the granting or not granting, recertifying, or not recertifying or revoking special exception permits for Wireless Telecommunications Facilities.

22-7.2 An Application for a Special Exception Permit for Wireless Telecommunications Facilities shall be signed on behalf of the Applicant by the person preparing the same and with knowledge of the contents and representations made therein and attesting to the truth and completeness of the information. The landowner, if different than the Applicant, shall also sign the Application and shall agree to remove any existing violations and
make all existing telecommunications facilities compliant with this ordinance and all applicable local, state and telecommunications codes prior to the issuance of any Certificate of Occupancy or Compliance or the functional equivalent for a new or modified wireless facility. At the discretion of the Town, any false or misleading statement in the Application may subject the Applicant to denial of the Application without further consideration or opportunity for correction. Applications not meeting the requirements stated herein or which are otherwise incomplete, may be rejected by the Town.

22-7.3 The Applicant shall include a statement in writing:

A. That the applicant’s proposed Wireless Telecommunications Facilities shall be maintained in a safe manner, and in compliance with all conditions of the Special Exception Permit, without exception, unless specifically granted relief by the Town in writing, as well as all applicable and permissible local codes, ordinances, and regulations, including any and all applicable Town, State and Federal Laws, rules, and regulations;

B. That the construction of the Wireless Telecommunications Facilities is legally permissible, including, but not limited to the fact that the Applicant is authorized to do business in the State.

C. No Wireless Telecommunications Facilities shall be installed or constructed until the Application is reviewed and approved by the Town, and the Special Exception Permit has been issued.

D. All applications for the construction or installation of new Wireless Telecommunications Facilities shall contain the information hereinafter set forth. The Application shall be signed by an authorized individual on behalf of the Applicant. Where a certification is called for, such certification shall bear the signature and seal of a Professional Engineer licensed in the State. The Application shall include the following information:

E. Documentation that demonstrates the need for the Wireless Telecommunications Facility to provide service primarily and essentially within the Town. Such documentation shall include propagation studies of the proposed site and all adjoining planned, proposed, in-service or existing sites;

F. The Name, address and phone number of the person preparing the report;
G. The Name, address, and phone number of the property owner, operator, and Applicant, and to include the legal form of the Applicant;

H. The Postal address of the property;

I. The Zoning District or designation in which the property is situated;

J. Size of the property stated both in square feet and lot line dimensions, and a diagram showing the location of all lot lines;

K. The Location of nearest residential structure;

L. The Location, size, and height of all structures on the property which are the subject of the Application;

M. The Location, size and height of all proposed and existing antennae and all appurtenant structures;

N. The Type, locations and dimensions of all proposed and existing landscaping, and fencing;

O. The number, type, and design of the Tower(s) and Antenna(s) proposed and the basis for the calculations of the Tower’s capacity to accommodate multiple users;

P. The make, model and manufacturer of the Tower and Antenna(s);

Q. A description of the proposed Tower and Antenna(s) and all related fixtures, structures, appurtenances, and apparatus, including height above pre-existing grade, materials, color, and lighting;

R. The frequency, modulation, and class of service of radio or other transmitting equipment;

S. The actual intended transmission and the maximum effective radiated power of the Antenna(s);

T. Direction of maximum lobes and associated radiation of the Antenna(s);

U. Certification that the NIER levels at the proposed site are within the threshold levels adopted by the FCC;

V. Certification that the proposed Antenna(s) will not cause interference with other telecommunications devices;
W. A copy of the FCC license applicable for the intended use of the Wireless Telecommunications Facilities;

X. Certification that a topographic and geomorphologic study and analysis has been conducted, and that taking into account the subsurface and substrata, and the proposed drainage plan, that the site is adequate to assure the stability of the proposed Wireless Telecommunications Facilities on the proposed site.

22-7.4 In the case of a new Tower, the Applicant shall be required to submit a written report demonstrating its meaningful efforts to secure shared use of existing Tower(s) or the use of alternative buildings or other structures within the Town. Copies of written requests and responses for shared use shall be provided to the Town in the Application, along with any letters of rejection stating the reason for rejection.

22-7.5 The Applicant shall certify that the Telecommunication Facility, foundation, and attachments are designed and will be constructed to meet all local, Town, State and Federal structural requirements for loads, including wind and ice loads.

22-7.6 The Applicant shall certify that the Wireless Telecommunications Facilities will be effectively grounded and bonded so as to protect persons and property and installed with appropriate surge protectors.

22-7.7 An Applicant may be required to submit an Environmental Assessment Analysis and a Visual addendum. Based on the results of the Analysis, including the Visual addendum, the Town may require submission of a more detailed visual analysis. The scope of the required Environmental and visual assessment will be reviewed at the pre-application meeting.

22-7.8 The Applicant shall furnish a Visual Impact Assessment, which shall include:

A. A “Zone of Visibility Map” which shall be provided in order to determine locations from which the Tower may be seen.

B. Pictorial representations of “before and after” views from key viewpoints both inside and outside of the Town as may be appropriate including, but not limited to, state highways and other major roads; state and local parks; other public lands; historic districts; preserves and historic sites normally open to the public; and from any other location where the site is visible to a large number of visitors, travelers, or residents. Guidance will be provided concerning the appropriate key sites at a pre-application meeting.
C. An assessment of the visual impact of the Tower base, guy wires and accessory buildings from abutting and adjacent properties and streets as relates to the need or appropriateness of screening.

22-7.9 The Applicant shall demonstrate and provide in writing and/or by drawing how it shall effectively screen from view the base and all related facilities and structures of the proposed Wireless Telecommunications Facilities.

22-7.10 Any and all representations made by the Applicant to the Town on the record during the Application process, whether written or verbal, shall be deemed a part of the Application and may be relied upon in good faith by the Town.

22-7.11 All utilities at a Wireless Telecommunications Facilities site shall be installed underground and in compliance with all laws, ordinances, rules, and regulations of the Town, including specifically, but not limited to, the National Electrical Safety Code and the National Electrical Code where appropriate.

22-7.12 All Wireless Telecommunications Facilities shall contain a demonstration that the Facility be sited so as to be the least visually intrusive reasonably possible and thereby have the least adverse visual effect on the environment and its character, on existing vegetation, and on the residences in the area of the Wireless Telecommunications Facility.

22-7.13 Both the Wireless Telecommunications Facility and any and all accessory or associated facilities shall maximize the use of building materials, colors and textures designed to blend with the structure to which it may be affixed and/or to harmonize with the natural surroundings. This shall include the utilization of stealth or concealment technology as may be required by the Town.

22-7.14 At a Telecommunications Site, an access road, turn-around space, and parking shall be provided to assure adequate emergency and service access. Maximum use of existing roads, whether public or private, shall be made to the extent practicable. Road construction shall at all times minimize ground disturbance and the cutting of vegetation. Road grades shall closely follow natural contours to assure minimal visual disturbance and reduce soil erosion.

22-7.15 A Person who holds a Special Exception Permit for Wireless Telecommunications Facilities shall construct, operate, maintain, repair, provide for removal of, modify or restore the permitted Wireless Telecommunications Facilities in strict compliance with all current applicable technical, safety and safety-related codes adopted by the Town,
State, or United States, including but not limited to the most recent editions of the National Electrical Safety Code and the National Electrical Code, as well as accepted and responsible workmanlike industry practices and recommended practices of the National Association of Tower Erectors. The codes referred to are codes that include, but are not limited to, construction, building, electrical, fire, safety, health, and land use codes. In the event of a conflict between or among any of the preceding, the more stringent shall apply.

22-7.16 A holder of a Special Exception Permit granted under this Ordinance shall obtain, at its own expense; all permits, and licenses required by applicable Law, rule, regulation, or code, and must maintain the same, in full force and effect, for as long as required by the Town or other governmental entity or agency having jurisdiction over the applicant.

22-7.17 An Applicant shall submit to the Town the number of completed Applications determined to be needed at the pre-application meeting. Written notification of the Application shall be provided to the legislative body of all adjacent municipalities and to the Town Planning Department.

22-7.18 The Applicant shall examine the feasibility of designing a proposed Tower to accommodate future demand for at least five (5) additional commercial applications, for example, future co-locations. The Tower shall be structurally designed to accommodate at least five (5) additional Antenna Arrays equal to those of the Applicant and located as close to the Applicant’s Antenna as possible without causing interference. This requirement may be waived, provided that the Applicant, in writing, demonstrates that the provisions of future shared usage of the Tower is not technologically feasible, is Commercially Impracticable or creates an unnecessary and unreasonable burden, based upon:

A. The foreseeable number of FCC licenses available for the area;
B. The kind of Wireless Telecommunications Facilities site and structure proposed;
C. The number of existing and potential licenses without Wireless Telecommunications Facilities spaces/sites;
D. Available space on existing and approved Towers.

22-7.19 The owner of the proposed new Tower, and his/her successors in interest, shall negotiate in good faith for the shared use of the proposed Tower by other Wireless service providers in the future, and shall:
A. Respond within 60 days to a request for information from a potential shared-use applicant;

B. Negotiate in good faith concerning future requests for shared use of the new Tower by other Telecommunications providers;

C. Allow shared use of the new Tower if another Telecommunications provider agrees in writing to pay reasonable charges. The charges may include, but are not limited to, a pro rata share of the cost of site selection, planning, project administration, land costs, site design, construction, and maintenance financing, return on equity, less depreciation, and all of the costs of adapting the Tower or equipment to accommodate a shared user without causing electromagnetic interference.

D. Failure to abide by the conditions outlined above may be grounds for revocation of the Special Exception Permit for the Tower.

22-7.20 There shall be a pre-application meeting. The purpose of the pre-application meeting will be to address issues which will help to expedite the review and permitting process. A pre-application meeting shall also include a site visit if there has not been a prior site visit for the requested site. Costs of the Town’s consultants to prepare for and attend the pre-application meeting will be borne by the applicant out of the required escrow deposit.

22-7.21 The holder of a Special Exception Permit shall notify the Town of any intended modification of a Wireless Telecommunication Facility and shall apply to the Town to modify, relocate, or rebuild a Wireless Telecommunications Facility.

22-7.22 In order to better inform the public, in the case of a new Telecommunication Tower, the applicant shall, prior to the public hearing on the application, hold a “balloon test.” The Applicant shall arrange to fly, or raise upon a temporary mast, a minimum of a three (3) foot in diameter brightly colored balloon at the maximum height of the proposed new Tower. The dates, (including a second date, in case of poor visibility on the initial date) times and location of this balloon test shall be advertised by the Applicant seven (7) and fourteen (14) days in advance of the first test date in a newspaper with a general circulation in the Town. The Applicant shall inform the Town, in writing, of the dates and times of the test, at least fourteen (14) days in advance. The balloon shall be flown for at least four consecutive hours sometime between 7:00 am and 4:00 PM on the dates chosen. The primary date shall be on a weekend, but in case of poor weather on the initial date, the secondary date may be on a week day.
22-7.23 The applicant will provide a written copy of an analysis, completed by a qualified individual or organization, to determine if the Tower or existing structure intended to support wireless facilities requires lighting under Federal Aviation Administration Regulation Part 77. This requirement shall be for any new tower or for an existing structure or building where the application increases the height of the structure or building. If this analysis determines that the FAA must be contacted, then all filings with the FAA, all responses from the FAA and any related correspondence shall be provided in a timely manner.

22-8. LOCATION OF WIRELESS TELECOMMUNICATIONS FACILITIES:

22-8.1 Applicants for Wireless Telecommunications Facilities shall locate, site, and erect said Wireless Telecommunications Facilities in accordance with the following priorities, one (1) being the highest priority and six (6) being the lowest priority.

A. On existing Towers or other structures without increasing the height of the tower or structure (exclusive of the “balloon” water tank);*63
B. On Town-owned properties (exclusive of Town’s “balloon” water tank and Pine Ridge site);*63
C. On properties in areas zoned for Industrial use (M-1, M-2 Industrial)
D. On properties in areas zoned for Business use (B-1, B-2, B-2DT Business)
E. On properties in areas zoned for Agricultural use (A-1 Agricultural)
F. On properties in areas zoned for Residential use (R-1, R-1A, R-1M, R-2, R-2FH, R-3, R-3MH Residential)

* The “Balloon Water Tank” is a significant landmark that has been enhanced with paint to represent a hot air balloon. Location of any telecommunications structure on this facility must not alter its appearance or its functionality as a water structure for the Town of Wytheville. The Pine Ridge site is a residential neighborhood with significant prominence in the town and with two ground mounted storage tanks. Any co-location on this or other structures must not in any way alter the appearance of this prominent landmark or its facilities.*63

22-8.2 If the proposed site is not proposed for the highest priority listed above, then a detailed explanation must be provided as to why a site of a higher priority was not selected. The person seeking such an exception must satisfactorily
demonstrate the technological reason or reasons why such a permit should be granted for the proposed site, and the technological problems in the context of providing functionally reliable service and the harm or hardship that would be incurred by the Applicant if the permit were not granted for the proposed site at the proposed location.

22-8.3 An Applicant may not by-pass sites of higher priority by stating the site proposed is the only site leased or selected. An Application shall address co-location as an option. If such option is not proposed, the applicant must explain to the reasonable satisfaction of the Town why co-location at any alternative location(s) is Commercially, technologically, or otherwise Impracticable. Agreements between providers limiting or prohibiting co-location shall not be a valid basis for any claim of Commercial Impracticability or hardship.

22-8.4 Notwithstanding the above, the Town may approve any site located within an area in the above list of priorities, provided that the Town finds that the proposed site is in the best interest of the health, safety and welfare of the Town and its inhabitants and will not have a deleterious effect on the nature and character of the community and neighborhood.

22-8.5 The Applicant shall submit a written report demonstrating the Applicant’s review of the above locations in order of priority, demonstrating the technological reason for the site selection. If appropriate, based on selecting a site of lower priority, a detailed written explanation as to why sites of a higher priority were not selected shall be included with the Application, including all supporting technological documentation and studies needed to make such a determination.

22-8.6 Notwithstanding that a potential site may be situated in an area of highest priority or highest available priority, the Town may disapprove an Application for any of the following reasons.

A. Conflict with safety and safety-related codes and requirements;

B. Conflict with the historic nature or character of a neighborhood or historical district;

C. The use or construction of Wireless Telecommunications Facilities which is contrary to an already stated purpose of a specific zoning or land use designation;

D. The placement and location of Wireless Telecommunications Facilities which would create an unacceptable risk, or the reasonable probability of such, to residents, the public, employees and agents of
the Town, or employees of the service provider or other service providers;

E. Conflicts with the provisions of this Ordinance.

22-9. **SHARED USE OF WIRELESS TELECOMMUNICATIONS FACILITIES AND OTHER STRUCTURES:**

22-9.1 Locating on existing Towers or other structures without increasing the height, as opposed to the construction of a new Tower, shall be preferred by the Town. The Applicant shall submit a comprehensive report inventorying existing Towers and other suitable structures within four (4) miles of the location of any proposed new Tower, unless the Applicant can show that some other distance is more reasonable and demonstrates conclusively why an existing Tower or other suitable structure cannot be used.

22-9.2 An Applicant intending to locate on an existing Tower or other suitable structure shall be required to document the intent of the existing owner to permit its use by the Applicant.

22-9.3 Such shared use shall consist only of the minimum Antenna array technologically required to provide service primarily and essentially within the Town, to the extent practicable, unless good cause is shown.

22-10. **HEIGHT OF TELECOMMUNICATIONS TOWER(S):**

22-10.1 The Applicant shall submit documentation justifying the total height of any Tower, Facility and/or Antenna and the basis therefore. Such documentation will be analyzed in the context of the justification of the height needed to provide functionally reliable service primarily and essentially within the Town, to the extent practicable, unless good cause is shown.

22-10.2 The maximum permitted height of a new Tower shall be that needed for functionally reliable service based on up to six (6) collocated antenna arrays requiring six (6) feet of vertical space each, and the ambient tree height in the immediate area around the proposed tower. The installation must be proved to have minimal visual and environmental impact on the community.

22-10.3 Building-mounted antennae should be located and designed to be an integral part of the building and shall be secured or camouflaged, as necessary or as reasonably required by the Town Council, to minimize the visual impact and minimize any change in or impact on the nature and character of the community and shall not increase the height of the building.
22-10.4 No Tower constructed after the effective date of this Ordinance, including allowing for all attachments, shall exceed that height which shall permit operation without required artificial lighting of any kind in accordance with municipal, Town, State, and/or any Federal statute, law, local law, Town ordinance, code, rule, or regulation.

22-11. APPEARANCE AND VISIBILITY OF WIRELESS TELECOMMUNICATIONS FACILITIES:

22-11.1 Wireless Telecommunications Facilities shall not be artificially lighted or marked, except as required by Law and in such an instance shall shield or otherwise construct the facility to prevent ground scatter effect of lighting.

22-11.2 Towers shall be galvanized or painted with a rust-preventive paint of an appropriate color to harmonize with the surroundings and shall be maintained in accordance with the requirements of this Ordinance.

22-11.3 If lighting is required, Applicant shall provide a detailed plan for sufficient lighting of as unobtrusive and inoffensive an effect as is permissible under State and Federal regulations and in such an instance shall, to the extent not prohibited by applicable law or regulation, shield or otherwise construct the facility to prevent any ground scatter effect of lighting.

22-12. SECURITY OF WIRELESS TELECOMMUNICATIONS FACILITIES:

22-12.1 All Wireless Telecommunications Facilities and Antennas shall be located, fenced, or otherwise secured in a manner that prevents unauthorized access. Specifically:

A. All Antennas, Towers, and other supporting structures, including guy wires, shall be made inaccessible to individuals, and constructed or shielded in such a manner that they cannot be climbed or collided with; and

B. Transmitters and Telecommunications control points shall be installed such a manner that they are readily accessible only to persons authorized to operate or service them.

C. See Section 16-20 for general fencing and screening regulations. 105

22-13. SIGNAGE:

22-13.1 Wireless Telecommunications Facilities shall contain a sign no larger than four (4) square feet in order to provide adequate notification to persons in the immediate area of the presence of an Antenna that has transmission
capabilities and shall contain the name(s) of the owner(s) and operator(s) of the Antenna(s) as well as emergency phone number(s). The sign shall be on the equipment shelter or cabinet of the Applicant and be visible from the access point of the site and must identify the equipment owner of the shelter or cabinet. The sign shall not be lighted, unless lighting is required by applicable law, rule, or regulation. No other signage, including advertising, shall be permitted.

22-14. LOT SIZE AND SETBACKS:

22-14.1 All proposed Towers and any other proposed Wireless Telecommunications Facility structures shall be set back from abutting parcels, recorded rights-of-way and road and street lines by the greater of the following distances: A distance equal to the height of the proposed Tower or Wireless Telecommunications Facility structure plus ten percent (10%) of the height of the Tower or structure, or the existing setback requirement of the underlying zoning district, whichever is greater. Any Accessory structure shall also be located so as to comply with the applicable minimum setback requirements for the property on which it is situated.

22-15. RETENTION OF EXPERT ASSISTANCE AND REIMBURSEMENT BY APPLICANT:

22-15.1 The Town may hire any consultant and/or expert necessary to assist the Town in reviewing and evaluating the Application, including the construction and modification of the site, once permitted, and any requests for recertification.

22-15.2 An Applicant shall deposit with the Town funds sufficient to reimburse the Town for all reasonable costs of consultant and expert evaluation and consultation to the Town in connection with the review of any Application including the construction and modification of the site, once permitted. The initial deposit shall be $8,500.00. The placement of the $8,500 with the Town shall precede the pre-application meeting. The Town will maintain a separate escrow account for all such funds. The Town’s consultants/experts shall invoice the Town for its services in reviewing the Application, including the construction and modification of the site, once permitted. If at any time during the process this escrow account has a balance less than $2,500.00, the Applicant shall immediately, upon notification by the Town, replenish said escrow account so that it has a balance of at least $5,000.00. Such additional escrow funds shall be deposited with the Town before any further action or consideration is taken on the Application. In the event that the amount held in escrow by the Town is more than the amount of the actual
invoicing at the conclusion of the project, the remaining balance shall be promptly refunded to the Applicant.

22-15.3 The total amount of the funds needed as set forth in Subsection 22-15.2 of this section may vary with the scope and complexity of the project, the completeness of the Application and other information as may be needed to complete the necessary review, analysis and inspection of any construction or modification.

22-16. EXCEPTIONS FROM A SPECIAL EXCEPTION PERMIT FOR WIRELESS TELECOMMUNICATIONS FACILITIES:

22-16.1 No Person shall be permitted to site, place, build, construct, modify or prepare any site for the placement or use of, Wireless Telecommunications Facilities as of the effective date of this Ordinance without having first obtained a Special Exception Permit for Wireless Telecommunications Facilities. Notwithstanding anything to the contrary in this section, no Special Exception Permit shall be required for those non-commercial exceptions noted in the definition of Wireless Telecommunications Facilities.

22-16.2 All Wireless Telecommunications Facilities existing on or before the effective date of this Ordinance shall be allowed to continue as they presently exist, provided however, that any visible modification or addition of providers on an existing Wireless Telecommunications Facility must comply with this Ordinance. Any modification of the facilities on an existing tower shall require the tower to come into compliance with this Ordinance.

22-17. PUBLIC HEARING AND NOTIFICATION REQUIREMENTS:

22-17.1 Prior to the approval of any Application for a Special Exception Permit for a new tower or a co-located wireless facility that extends above the top of the structure attached to thereby increasing the height of the structure, a public hearing shall be held by the Town, notice of which shall be published in the official newspaper of the Town no less than ten (10) calendar days prior to the scheduled date of the public hearing. In order that the Town may notify nearby landowners, the Application shall contain the names and address of all landowners whose property is located within fifteen hundred (1,500) feet of any property line of the lot or parcel on which the new Wireless Telecommunications Facilities are proposed to be located.

22-17.2 There shall be no public hearing required for an application to co-locate on an existing tower or other similar structure that does not increase the height by extending above the top of the structure. Subject to the requirements contained in Section 22-7, an application to co-locate on an existing tower or
similar structure that does not increase the height by extending above the top of the structure shall be handled administratively.

22-17.3 The Town shall schedule the public hearing referred to in Subsection 22-17.1 of this section once it finds the Application is complete. The Town, at any stage prior to issuing a Special Exception Permit, may require such additional information as it deems necessary.

22-18. ACTION ON AN APPLICATION FOR A SPECIAL EXCEPTION PERMIT FOR WIRELESS TELECOMMUNICATIONS FACILITIES:

22-18.1 The Town will undertake a review of an Application pursuant to this Ordinance in a timely fashion, and shall act within a reasonable period of time given the relative complexity of the Application and the circumstances, with due regard for the public’s interest and need to be involved, and the Applicant’s desire for a timely resolution.

22-18.2 The Town may refer any Application or part thereof to any advisory or other committee for a non-binding recommendation.

22-18.3 After the public hearing and after formally considering the Application, the Town may approve, approve with conditions, or deny a Special Exception Permit. Its decision shall be in writing and shall be supported by substantial evidence contained in a written record. The burden of proof for the grant of the permit shall always be upon the Applicant.

22-18.4 If the Town approves the Special Exception Permit for Wireless Telecommunications Facilities, then the Applicant shall be notified of such approval in writing within ten (10) calendar days of the Town’s action, and the Special Exception Permit shall be issued within thirty (30) days after such approval. Except for necessary building permits, and subsequent Certificates of Compliance, once a Special Exception Permit has been granted hereunder, no additional permits or approvals from the Town, such as site plan or zoning approvals, shall be required by the Town for the Wireless Telecommunications Facilities covered by the Special Exception Permit.

22-18.5 If the Town denies the Special Exception Permit for Wireless Telecommunications Facilities, then the Applicant shall be notified of such denial in writing within ten (10) calendar days of the Town’s action.
22-19. RECERTIFICATION OF A SPECIAL EXCEPTION PERMIT FOR WIRELESS TELECOMMUNICATIONS FACILITIES:

22-19.1 Between twelve (12) months and six (6) months prior to the five (5) year anniversary date after the effect date of the Special Exception Permit and all subsequent five-year anniversaries of the effective date of the original Special Exception Permit for Wireless Telecommunications Facilities, the holder of a Special Exception Permit for such Wireless Telecommunication Facilities shall submit a signed written request to the Town for recertification. In the written request for recertification, the holder of such Special Exception Permit shall note the following:

A. The name of the holder of the Special Exception Permit for the Wireless Telecommunications Facilities;

B. If applicable, the number or title of the Special Exception Permit;

C. The date of the original granting of the Special Exception Permit;

D. Whether the Wireless Telecommunications Facilities have been moved, re-located, rebuilt, or otherwise visibly modified since the issuance of the Special Exception Permit and if so, in what manner;

E. If the Wireless Telecommunications Facilities have been moved, re-located, rebuilt, or otherwise visibly modified, then whether the Town approved such action, and under what terms and conditions, and whether those terms and conditions were complied with;

F. That the Wireless Telecommunications Facilities are in compliance with the Special Exception Permit and compliance with all applicable codes, laws, rules, and regulations;

G. Recertification that the Tower and attachments both are designed and constructed and continue to meet all local, Town, State and Federal structural requirements for loads, including wind and ice loads. Such recertification shall be by a Professional Engineer licensed in the State, the cost of which shall be borne by the Applicant.

22-19.2 If, after such review, the Town determines that the permitted Wireless Telecommunications Facilities are in compliance with the Special Exception Permit and all applicable statutes, laws, local laws, ordinances, codes, rules, and regulations, then the Town issue a recertification of the Special Exception Permit for the Wireless Telecommunications Facilities, which may include any new provisions or conditions that are mutually agreed
upon, or that are required by applicable statutes, laws, ordinances, codes, rules or regulations. If, after such review it is determined that the permitted Wireless Telecommunications Facilities are not in compliance with the Special Exception Permit and all applicable statutes, laws, ordinances, codes, rules and regulations, then the Town may refuse to issue a recertification Special Exception Permit for the Wireless Telecommunications Facilities, and in such event, such Wireless Telecommunications Facilities shall not be used after the date that the Applicant receives written notice of the decision by the Town until such time as the Facility is brought into compliance. Any decision requiring the cessation of use of the Facility or imposing a penalty shall be in writing and supported by substantial evidence contained in a written record and shall be promptly provided to the owner of the Facility.

22-19.3 If the Applicant has submitted all of the information requested and required by this Ordinance, and if the review is not completed, as noted in subsection 22-19.2 of this section, prior to the five (5) year anniversary date of the Special Exception Permit, or subsequent five year anniversaries, then the Applicant for the permitted Wireless Telecommunications Facilities shall receive an extension of the Special Exception Permit for up to six (6) months, in order for the completion of the review.

22-19.4 If the holder of a Special Exception Permit for Wireless Telecommunications Facilities does not submit a request for recertification of such Special Exception Permit within the timeframe noted in Subsection 22-19.1 of this section, then such Special Exception Permit and any authorizations granted thereunder shall cease to exist on the date of the fifth anniversary of the original granting of the Special Exception Permit, or subsequent five year anniversaries, unless the holder of the Special Exception Permit adequately demonstrates that extenuating circumstances prevented a timely recertification request. If the Town agrees that there were legitimately extenuating circumstances, then the holder of the Special Exception Permit may submit a late recertification request or Application for a new Special Exception Permit.

22-20. EXTENT AND PARAMETERS OF SPECIAL EXCEPTION PERMIT FOR WIRELESS TELECOMMUNICATIONS FACILITIES:

22-20.1 The extent and parameters of a Special Exception Permit for Wireless Telecommunications Facilities shall be as follows:

A. Such Special Exception Permit shall be non-exclusive;
B. Such Special Exception Permit shall not be assigned, transferred, or conveyed without the express prior written notification to the Town.

C. Such Special Exception Permit may, following a hearing upon due prior notice to the Applicant, be revoked, canceled, or terminated for a violation of the conditions and provisions of the Special Exception Permit, or for a material violation of this Ordinance after prior written notice to the holder of the Special Exception Permit.

D. Any Wireless Telecommunications Facility that is permitted shall be constructed, completed, and provide service no later than six (6) months from the date of the grant of the initial permit. If not constructed, completed, and providing service within the required six months, the permit may be revoked, and a new application will be required.

22-21. APPLICATION FEE:

22-21.1 At the time that a person submits an Application for a Special Exception Permit for a new Tower, such person shall pay a non-refundable application fee of $5,000.00 to the Town. If the Application is for a Special Exception Permit for co-locating on an existing Tower or other suitable structure, where no increase in height of the Tower or structure is required, the non-refundable fee shall be $2,000.00.

22-21.2 No Application fee is required in order to rectify a Special Exception Permit for Wireless Telecommunications Facilities unless there has been a visible modification of the Wireless Telecommunications Facility since the date of the issuance of the existing Special Exception Permit for which the conditions of the Special Exception Permit have not previously been modified. In the case of any modification, the fees provided in Subsection 22-21.1 shall apply.

22-22. PERFORMANCE SECURITY:

22-22.1 The Applicant and the owner of record of any proposed Wireless Telecommunications Facilities property site shall, at its cost and expense, be jointly required to execute and file with the Town a bond, or other form of security acceptable to the Town as to type of security and the form and manner of execution, in an amount of at least $75,000.00 and with such sureties as are deemed sufficient by the Town to assure the faithful performance of the terms and conditions of this Ordinance and conditions of any Special Exception Permit issued pursuant to this Ordinance. The full amount of the bond or security shall remain in full force and effect throughout the term of the Special Exception Permit and/or until any
necessary site restoration is completed to restore the site to a condition comparable to that which existed prior to the issuance of the original Special Exception Permit.

22-23. RESERVATION OF AUTHORITY TO INSPECT WIRELESS TELECOMMUNICATIONS FACILITIES:

22-23.1 In order to verify that the holder of a Special Exception Permit for Wireless Telecommunications Facilities and any and all lessees, renters, and/or licensees of Wireless Telecommunications Facilities, place and construct such facilities, including Towers and Antennas, in accordance with all applicable technical, safety, fire, building, and zoning codes, laws, ordinances and regulations and other applicable requirements, the Town may inspect all facets of said permit holder’s, renter’s, lessee’s or licensee’s placement, construction, modification and maintenance of such facilities, including, but not limited to, Towers, Antennas and buildings or other structures constructed or located on the permitted site.

22-24. ANNUAL NIER CERTIFICATION:

22-24.1 The holder of the Special Exception Permit shall, annually, certify to the Town that NIER levels at the site are within the threshold levels adopted by the FCC.

22-25. LIABILITY INSURANCE:

22-25.1 A holder of a Special Exception Permit for Wireless Telecommunications Facilities shall secure and at all times maintain public liability insurance for personal injuries, death and property damage, and umbrella insurance coverage, for the duration of the Special Exception Permit in amounts as set forth below

A. Commercial General Liability covering personal injuries, death, and property damage: $1,000,000 per occurrence/$2,000,000 aggregate;

B. Automobile Coverage: $1,000,000 per occurrence/ $2,000,000 aggregate;

C. Workers Compensation and Disability: Statutory amounts.

22-25.2 The Commercial General liability insurance policy shall specifically include the Town and its officers, boards, employees, committee members, attorneys, agents, and consultants as additional named insureds.
22-25.3 The insurance policies shall be issued by an agent or representative of an insurance company licensed to do business in the State and with a Best's rating of at least A.

22-25.4 The insurance policies shall contain an endorsement obligating the insurance company to furnish the Town with at least thirty-(30) days prior written notice in advance of the cancellation of the insurance.

22-25.5 Renewal or replacement policies or certificates shall be delivered to the Town at least fifteen (15) days before the expiration of the insurance that such policies are to renew or replace.

22-25.6 Before construction of a permitted Wireless Telecommunications Facilities is initiated, but in no case later than fifteen (15) days after the grant of the Special Exception Permit, the holder of the Special Exception Permit shall deliver to the Town a copy of each of the policies or certificates representing the insurance in the required amounts.

22-26. INDEMNIFICATION:

22-26.1 Any application for Wireless Telecommunication Facilities that is proposed for Town property, pursuant to this Ordinance, shall contain a provision with respect to indemnification. Such provision shall require the applicant, to the extent permitted by the Law, to at all times defend, indemnify, protect, save, hold harmless, and exempt the Town, and its officers, boards, employees, committee members, attorneys, agents, and consultants from any and all penalties, damages, costs, or charges arising out of any and all claims, suits, demands, causes of action, or award of damages, whether compensatory or punitive, or expenses arising therefrom, either at law or in equity, which might arise out of, or are caused by, the placement, construction, erection, modification, location, products performance, use, operation, maintenance, repair, installation, replacement, removal, or restoration of said Facility, excepting, however, any portion of such claims, suits, demands, causes of action or award of damages as may be attributable to the negligent or intentional acts or omissions of the Town, or its servants or agents. With respect to the penalties, damages or charges referenced herein, reasonable attorneys’ fees, consultants’ fees, and expert witness fees are included in those costs that are recoverable by the Town.

22-26.2 Notwithstanding the requirements noted in Subsection 22-6.1 of this section, an indemnification provision will not be required in those instances where the Town itself applies for and secures a Special Exception Permit for Wireless Telecommunications Facilities.
22-27. FINES:

22-27.1 In the event of a violation of this Ordinance or any Special Exception Permit issued pursuant to this Ordinance, the Town may impose and collect, and the holder of the Special Exception Permit for Wireless Telecommunications Facilities shall pay to the Town, fines or penalties as set forth below.

22-27.2 A violation of this local Ordinance is hereby declared to be an offense, punishable by a fine not exceeding three hundred fifty dollars per day per occurrence or imprisonment for a period not to exceed six months, or both for conviction of a first offense; for conviction of a second offense both of which were committed within a period of five years, punishable by a fine not less than three hundred fifty dollars nor more than seven hundred dollars or imprisonment for a period not to exceed six months, or both; and, upon conviction for a third or subsequent offense all of which were committed within a period of five years, punishable by a fine not less than seven hundred dollars nor more than one thousand dollars or imprisonment for a period not to exceed six months, or both. However, for the purpose of conferring jurisdiction upon courts and judicial officers generally, violations of this article or of such ordinance or regulation shall be deemed misdemeanors and for such purpose only all provisions of law relating to misdemeanors shall apply to such violations. Each week's continued violation shall constitute a separate additional violation.

22-27.3 Notwithstanding anything in this Ordinance, the holder of the Special Exception Permit for Wireless Telecommunications Facilities may not use the payment of fines, liquidated damages, or other penalties, to evade or avoid compliance with this Ordinance or any section of this Ordinance. An attempt to do so shall subject the holder of the Special Exception Permit to termination and revocation of the Special Exception Permit. The Town may also seek injunctive relief to prevent the continued violation of this Ordinance, without limiting other remedies available to the Town.

22-28. DEFAULT AND/OR REVOCATION:

22-28.1 If Wireless Telecommunications Facilities are repaired, rebuilt, placed, moved, re-located, modified, or maintained in a way that is inconsistent or not in compliance with the provisions of this Ordinance or of the Special Exception Permit, then the Town shall notify the holder of the Special Exception Permit in writing and revocation of the Special Exception Permit in writing of such violation. Such notice shall specify the nature of the violation or non-compliance and that the violations must be corrected within seven (7) days of the date of the postmark of the Notice, or of the date of personal service of the Notice, whichever is earlier.
Notwithstanding anything to the contrary in this subsection or any other section of this Ordinance, if the violation causes, creates, or presents an imminent danger or threat to the health or safety of lives or property, the Town may, at its sole discretion, order the violation remedied within twenty-four (24) hours.

22-28.2 If within the period set forth in (A) above the Wireless Telecommunications Facilities are not brought into compliance with the provisions of this Ordinance, or of the Special Exception Permit, or substantial steps are not taken in order to bring the affected Wireless Telecommunications Facilities into compliance, then the Town may revoke such Special Exception Permit for Wireless Telecommunications Facilities, and shall notify the holder of the Special Exception Permit within forty-eight (48) hours of such action.

22-29. REMOVAL OF WIRELESS TELECOMMUNICATIONS FACILITIES:

22-29.1 Under the following circumstances, the Town may determine that the health, safety, and welfare interests of the Town warrant and require the removal of Wireless Telecommunications Facilities.

A. Wireless Telecommunications Facilities with a permit have been abandoned (i.e., not used as Wireless Telecommunications Facilities) for a period exceeding ninety consecutive (90) days or a total of one hundred-eighty (180) days in any three hundred-sixty-five (365) day period, except for periods caused by force majeure or Acts of God, in which case, repair or removal shall commence within 90 days;

B. Permitted Wireless Telecommunications Facilities fall into such a state of disrepair that it creates a health or safety hazard;

C. Wireless Telecommunications Facilities have been located, constructed, or modified without first obtaining, or in a manner not authorized by, the required Special Exception Permit, or any other necessary authorization.

22-29.2 If the Town makes such a determination as noted in Subsection 22-29.1 of this section, then the Town shall notify the holder of the Special Exception Permit for the Wireless Telecommunications Facilities within forty-eight (48) hours that said Wireless Telecommunications Facilities are to be removed, the Town may approve an interim temporary use agreement/permit, such as to enable the sale of the Wireless Telecommunications Facilities.

22-29.3 The holder of the Special Exception Permit, or its successors or assigns, shall dismantle and remove such Wireless Telecommunications Facilities,
and all associated structures and facilities, from the site and restore the site to as close to its original condition as is possible, such restoration being limited only by physical or commercial impracticability, within ninety (90) days of receipt of written notice from the Town. However, if the owner of the property upon which the Wireless Telecommunications Facilities are located wishes to retain any access roadway to the Wireless Telecommunications Facilities, the owner may do so with the approval of the Town.

22-29.4 If Wireless Telecommunications Facilities are not removed or substantial progress has not been made to remove the Wireless Telecommunications Facilities within ninety (90) days after the permit holder has received notice, then the Town may order officials or representatives of the Town to remove the Wireless Telecommunications Facilities at the sole expense of the owner or Special Exception Permit holder.

22-29.5 If, the Town removes, or causes to be removed, Wireless Telecommunications Facilities, and the owner of the Wireless Telecommunications Facilities does not claim and remove it from the site to a lawful location within ten (10) days, then the Town may take steps to declare the Wireless Telecommunications Facilities abandoned, and sell them and their components.

22-29.6 Notwithstanding anything in this section to the contrary, the Town may approve a temporary use permit/agreement for the Wireless Telecommunications Facilities, for no more ninety (90) days, during which time a suitable plan for removal, conversion, or re-location of the affected Wireless Telecommunications Facilities shall be developed by the holder of the Special Exception Permit, subject to the approval of the Town, and an agreement to such plan shall be executed by the holder of the Special Exception Permit and the Town. If such a plan is not developed, approved, and executed within the ninety (90) day time period, then the Town may take possession of and dispose of the affected Wireless Telecommunications Facilities in the manner provided in this section.

22-30. RELIEF:

22-30.1 Any Applicant desiring relief, waiver or exemption from any aspect or requirement of this Ordinance may request such at the pre-Application meeting, provided that the relief or exemption is contained in the original Application for either a Special Exception Permit, or in the case of an existing or previously granted Special Exception Permit a request for modification of its Tower and/or facilities. Such relief may be temporary or permanent, partial, or complete. However, the burden of proving the need
for the requested relief, waiver or exemption is solely on the Applicant to prove. The Applicant shall bear all costs of the Town in considering the request and the relief, waiver, or exemption. No such relief or exemption shall be approved unless the Applicant demonstrates by clear and convincing evidence that, if granted the relief, waiver or exemption will have no significant effect on the health, safety and welfare of the Town, its residents and other service providers.

22-31. **PERIODIC REGULATORY REVIEW:**

22-31.1 The Town may at any time conduct a review and examination of this entire Ordinance.

22-31.2 If after such a periodic review and examination of this Ordinance, the Town determines that one or more provisions of this Ordinance should be amended, repealed, revised, clarified, or deleted, then the Town may take whatever measures are necessary in accordance with applicable law in order to accomplish the same. It is noted that where warranted, and in the best interests of the Town, the Town may repeal this entire Ordinance at any time.

22-31.3 Notwithstanding the provisions of Subsections 22-31.1 and 22-31.2 of this section, the Town may at any time, and in any manner (to the extent permitted by Federal, State, or local law), amend, add, repeal, and/or delete one or more provisions of this Ordinance.

22-32. **ADHERENCE TO STATE AND/OR FEDERAL RULES AND REGULATIONS:**

22-32.1 To the extent that the holder of a Special Exception Permit for Wireless Telecommunications Facilities has not received relief, or is otherwise exempt, from appropriate State and/or Federal agency rules or regulations, then the holder of such a Special Exception Permit shall adhere to, and comply with, all applicable rules, regulations, standards, and provisions of any State or Federal agency, including, but not limited to, the FAA and the FCC. Specifically included in this requirement are any rules and regulations regarding height, lighting, security, electrical and RF emission standards.

22-32.2 To the extent that applicable rules, regulations, standards, and provisions of any State or Federal agency, including but not limited to, the FAA and the FCC, and specifically including any rules and regulations regarding height, lighting, and security are changed and/or are modified during the duration of a Special Exception Permit for Wireless Telecommunications Facilities, then the holder of such a Special Exception Permit shall conform the permitted Wireless Telecommunications Facilities to the applicable
changed and/or modified rule, regulation, standard, or provision within a maximum of twenty-four (24) months of the effective date of the applicable changed and/or modified rule, regulation, standard, or provision, or sooner as may be required by the issuing entity.

### 22-33. **CONFLICT WITH OTHER LAWS:**

22-33.1 Where this Ordinance differs or conflicts with other Laws, rules, and regulations, unless the right to do so is preempted or prohibited by the Town, State or federal government, this Ordinance shall apply.

### 22-34. **EFFECTIVE DATE:**

22-34.1 This Ordinance shall be effective immediately upon passage, pursuant to applicable legal and procedural requirements.

### 22-35. **AUTHORITY:**

22-35.1 This Local Ordinance is enacted pursuant to applicable authority granted by the State and Federal government.
