"Class C contractors" perform or manage construction, removal, repair, or improvements when (i) the total value referred to in a single contract or project is over \$1,000 but less than \$10,000, or (ii) the total value of all such construction, removal, repair, or improvements undertaken by such person within any 12-month period is less than \$150,000. The Board shall require a master tradesmen license as a condition of licensure for electrical, plumbing and heating, ventilation and air conditioning contractors.

"Contractor" means any person, that for a fixed price, commission, fee, or percentage undertakes to bid upon, or accepts, or offers to accept, orders or contracts for performing, managing, or superintending in whole or in part, the construction, removal, repair or improvement of any building or structure permanently annexed to real property owned, controlled, or leased by him or another person or any other improvements to such real property. For purposes of this chapter, "improvement" shall include (i) remediation, cleanup, or containment of premises to remove contaminants or (ii) site work necessary to make certain real property usable for human occupancy according to the guidelines established pursuant to § [32.1-11.7](#).

§ 54.1-1111. Prerequisites to obtaining business license; building, etc., permit.

A. Any person applying to the building official or any other authority of a county, city, or town in this Commonwealth, charged with the duty of issuing building or other permits for the construction of any building, highway, sewer, or structure, or any removal, grading or improvement shall furnish prior to the issuance of the permit, either (i) satisfactory proof to such official or authority that he is duly licensed or certified under the terms of this chapter to carry out or superintend the same, or (ii) file a written statement that he is not subject to licensure or certification as a contractor or subcontractor pursuant to this chapter. The applicant shall also furnish satisfactory proof that the taxes or license fees required by any county, city, or town have been paid so as to be qualified to bid upon or contract for the work for which the permit has been applied.

It shall be unlawful for the building official or other authority to issue or allow the issuance of such permits unless the applicant has furnished his license or certificate number issued pursuant to this chapter or evidence of being exempt from the provisions of this chapter.

The building official, or other such authority, violating the terms of this section shall be guilty of a Class 3 misdemeanor.

§ 54.1-1115. Prohibited acts.

A. The following acts are prohibited and shall constitute the commission of a Class 1 misdemeanor:

1. Contracting for, or bidding upon the construction, removal, repair or improvements to or upon real property owned, controlled or leased by another person without a license or certificate, or without the proper class of license as defined in § [54.1-1100](#) for the value of work to be performed.
2. Attempting to practice contracting in the Commonwealth, except as provided for in this chapter.
3. Presenting or attempting to use the license or certificate of another.
4. Giving false or forged evidence of any kind to the Board or any member thereof in an application for the issuance or renewal of a license or certificate.
5. Impersonating another or using an expired or revoked license or certificate.
6. Receiving or considering as the awarding authority a bid from anyone whom the awarding authority knows is not properly licensed or certified under this chapter. The awarding authority shall require a bidder to submit his license or certificate number prior to considering a bid.

B. Any person who undertakes work without (i) any valid Virginia contractor's license or certificate when a license or certificate is required by this chapter or (ii) the proper class of license as defined in § [54.1-1100](#) for the work undertaken, shall be fined an amount not to exceed \$500 per day for each day that such person is in violation, in addition to the authorized penalties for the commission of a Class 1 misdemeanor. Any violation of clause (i) of this subsection shall also constitute a prohibited practice in accordance with § [59.1-200](#), provided that the violation involves a consumer transaction as defined in the Virginia Consumer Protection Act (§ [59.1-196](#) et seq.), and shall be subject to any and all of the enforcement provisions of the Virginia Consumer Protection Act.

C. A construction contract entered into by a person undertaking work without a valid Virginia contractor's license shall not be enforceable by the unlicensed contractor undertaking the work unless the unlicensed contractor (i) gives substantial performance within the terms of the contract in good faith and (ii) did not have actual knowledge that a license or certificate was required by this chapter to perform the work for which he seeks to recover payment.

Failure to renew a license or certificate issued in accordance with this chapter shall create a rebuttable presumption of actual knowledge of such licensing or certification requirements.

§ 54.1-1129. Necessity for licensure.

A. Beginning July 1, 1995, no individual shall engage in, or offer to engage in, work as a tradesman as defined in § [54.1-1128](#) unless he has been licensed under the provisions of this article. Individuals shall not be subject to licensure as a tradesman when working under the supervision of a tradesman who is licensed in the specialty for which work is being performed. Individuals holding a license in one specialty shall not be required to have a tradesman license in another specialty when performing work which is incidental to work being performed under their own specialty license.
