Ms. Donna Leonard was recognized and stated that she resides at 530 East Monroe Street in Wytheville. She distributed a handout to each of the Council members depicting the traffic lights from 4th Street through 11th Street. Ms. Leonard continued to discuss her concerns regarding speeding and other traffic problems on particular streets in town. She noted that she discussed installing a 4-way Stop at Fifth Street with Police Chief Joel Hash, as well as more traffic lights on Monroe Street or Peppers Ferry Road to slow the traffic. Ms. Leonard inquired of the Council as to what it would take to get the speed sign permanently installed that shows a vehicle’s speed instead of having the temporary police vehicle parked on a street to slow speed violators to a minimum. Discussion continued regarding traffic control. Town Manager Freeman thanked Ms. Leonard for her comments, and he noted that the Town receives multiple complaints daily regarding speeding, etc. throughout town. He noted that Police Chief Hash has instructed the Patrol Officers to be more visible, and the Police Department is warning citizens through social media and the speed spy trailer, that if caught speeding, motorists will receive citations. He also explained to Ms. Leonard that before the Town can install a traffic signal, the Town is required to meet the signal warrants, and the Virginia Department of Transportation (VDOT) will tell the Town if it meets those warrants before traffic signals are installed. Discussion continued regarding traffic signals. Town Manager Freeman advised that Town Staff would refer to the Public Works Committee to study speeding traffic on East Monroe Street and Peppers Ferry Road to determine if it warrants any traffic control devices. Ms. Leonard thanked the Council for allowing her to speak. Vice-Mayor Pattison thanked Ms. Leonard for her comments.

Mr. Kirk Chamberlain was recognized and stated that he resides at 495 East Monroe Street in Wytheville. He thanked the Police Department for their efforts in placing the speed car on Monroe Street to try to control the speeders. He stated that he also wanted to inform the Council that there is a water drainage issue near Seventh and Monroe Streets. Discussion ensued regarding the drainage issues. Mr. Chamberlain thanked the Council and Town Staff for their service. Vice-Mayor Pattison thanked Mr. Chamberlain for his comments.

A. Earlier this year, Town Treasurer Stephens engaged Carter Bank & Trust seeking a rate modification for the Town’s 2014 General Obligation Bond. Carter Bank & Trust has agreed to reduce the rate to 2.20 percent with the same maturity date. The rate modification will result in a savings to the Town, and it is recommended that, later in the meeting, the Council approve the resolution which is necessary as part of the refinancing process.

B. On August 12, 2021, the Town received sealed bids for its annual milling and paving program. The low bidder was W-L Construction & Paving, Inc. with a total bid of $618,299. This amount is within Town Staff’s estimated budget, therefore, we have issued the Notice of Award and are awaiting the payment and performance bonds before finalizing the contract.
