Run For The Wall Returns

May 24 & 25

Wytheville will again welcome Run For The Wall to our community on May 24 & 25. The traditional “Welcome Home Ceremony” will begin at the group’s approximate arrival of 4:30 p.m. on Wednesday, May 24 in Withers Park. Citizens are encouraged to attend as the group arrives via Exit 70 and Fourth Street.

On Thursday (May 25) morning, students from Spiller Elementary School will provide a musical welcome program beginning at 9 a.m. in Withers Park. Run For The Wall will depart with a Main Street parade at approximately 10 a.m.

Run For the Wall is a three-route, 12-day, journey across the United States to raise awareness concerning the POW/MIA from all wars who have never returned home. Beginning in California, the goal destination is the Vietnam Veterans Memorial in Washington, DC.

For more information about the organization, visit www.RFTW.org.

Annual Wall of Honor Memorial Day Ceremony

Sunday, May 28
1:30 pm
at Withers Park
All Welcome
Concert Series Begins on June 2

The 2017 After Hours Concert Series kicks off in Withers Park on Friday, June 2, with The Holiday Band. Mark your calendar for these three summer events hosted by the Town of Wytheville Parks & Recreation and several local sponsors.

June 2 - The Holiday Band
July 4 - Gary Lowder and Smokin Hot
August 4 - Jim Quick and the Coastline Band

Gates open at 5:30, and the show starts at 6:30. Tickets are $5 in advance and $7 at the gate.

Town of Wytheville
2016 - Annual Drinking Water Quality Report

The Town of Wytheville 2016 Annual Drinking Water Quality Report is now available online by accessing one of the following links:

or http://www.wytheville.org/townoffice/publicnotices.php. A paper copy of the report may be obtained by calling Bret Cockram, Water Plant Superintendent at 276-223-3322 or Trevor Hackler, Town Engineer at 276-223-3342.

May is National Building Safety Month
The Codes Protect Your Investment

The biggest investment most people will ever make is when they buy a home. Homes represent security, a place where people will live, raise their families, and share life with others. Whether you own or rent a home, following the building codes during construction or remodeling can help protect your health and safety, and your investment as well.

The building codes include research from experts that help ensure every phase of the construction process is done correctly. In addition to helping make your home safe, the building codes can also help make your home more energy efficient, use less water, and conserve resources. If your construction project does not comply with the codes adopted by your community, the value of your investment could be reduced. Property insurers may not cover work done without permits and inspections. If you decide to sell a home or building that has had modifications without a permit, you may be required to tear down the addition, leave it unoccupied, or make costly repairs.

A property owner who can show that code requirements were strictly and consistently met—as demonstrated by a code official’s carefully maintained records—has a strong ally if something happens to trigger a potentially destructive lawsuit. Your permit also allows the code official to protect the public by reducing the potential hazards of unsafe construction and ensuring public health, safety, and welfare. By following code guidelines, the completed project will meet minimum standards of safety and will be less likely to cause injury to you, your family, your friends, or future owners, plus you’ll benefit from the best energy efficiency construction techniques that will continue to pay you back for the life of your home.

Invest wisely in your home or remodeling project. It’s a smart investment to build and remodel your home to the latest codes. If you have questions concerning building safety issues, please contact Charles Vannatter, Town of Wytheville Building Official at the Wytheville Municipal Building, 150 East Monroe Street, 223-3339.
