12.2 REQUIREMENTS FOR PERMITTED USES

12-2.1 Before a building permit shall be issued or construction commenced on any permitted use in this district, or a use permit issued for a new use, the plans, in sufficient detail to show the operations and processes, shall be submitted to the zoning administrator for study. Modifications of the plans may be required.

12-2.2 Permitted uses shall be conducted wholly within a completely enclosed building or within an area enclosed on all sides by a solid masonry wall, a uniformly painted solid board fence or an evergreen hedge not less than six (6) feet in height, provided that a chain link fence with a minimum height of six (6) feet may be used, if the space viewed through the fence is not...
occupied by materials which are offensive in nature and would thus adversely affect the value of adjoining property. Public utilities and signs require natural air circulation, unobstructed view, or other technical consideration necessary for proper operation may be exempted from this provision. This exception does not include storing of any materials.

12-2.3 Landscaping may be required within any established or required front setback area. The plans and execution must take into consideration traffic hazards. Landscaping may be permitted up to a height of three (3) feet, and to within fifty (50) feet from the corner of any intersecting streets.

12-2.4 Sufficient area shall be provided to adequately screen permitted uses from adjacent business and residential districts and for off-street parking of vehicles incidental to the industry, its employees and clients.

12-2.5 Automobile graveyards and junk yards in existence at the time of the adoption of this Ordinance are to be considered as nonconforming uses. They shall be allowed up to three (3) years after adoption of this Ordinance in which to completely screen on any open side, the operation or use by a masonry wall, a uniformly painted solid board fence, or an evergreen hedge with a minimum height of six (6) feet.

12-3 AREA REGULATIONS

For permitted uses utilizing individual sewage disposal systems, the required area for any such use shall be approved by the health official. The administrator may require a greater area if considered necessary by the
health official. For dwellings, the minimum lot area shall be the same as in Residential District R-3.7

12-4 SETBACK REGULATIONS

Buildings shall be located ten (10) feet or more from any street right of way which if fifty (50) feet or greater in width, or thirty-five (35) feet or more from the center line of any street right of way less than fifty (50) feet in width except that signs advertising sale or rent of premises may be erected up to the property line. This shall be known as the "setback line". The minimum setback for residences shall be the same as in Residential District R-3.7

12-5 FRONTAGE AND YARD REGULATIONS

For permitted uses, the minimum side yard adjoining or adjacent to a residential or agricultural district shall be ten (10) feet. The side yard of corner lots shall be twenty (20) feet or more. Off-street parking shall be in accordance with the provisions contained herein. For dwellings, the minimum side yard and rear yard shall be the same as in Residential District R-3.7 See Section 3-55 for 7-23-79 changes.

12-6 HEIGHT REGULATIONS

Buildings may be erected up to a height of seventy five (75) feet. Chimneys, flues, cooling towers, flag poles, radio or communication towers or their accessory facilities not normally occupied by workmen are excluded from this limitation. Parapet walls are permitted up to four (4) feet above the limited height of the building on which the walls rest.67

12-7 COVERAGE REGULATIONS
Buildings or groups of buildings with their accessory buildings may cover up to seventy (70) percent of the area of the lot.
